We are happy to inform you about the 16th European Patchwork Meeting. Each year we try to distribute as many programmes as possible; by doing so, we hope to contact more and more people and particularly a public interested by the different aspects of patchwork (traditional and contemporary) as well as textile art. If you wish, you may help us in that task. Just send us the address and phone number of your friends who might be interested by the European Patchwork Meeting. It is easy: just fill the below information sheet and return it to us.
